Smart Grid benefits

As the smart grid is built over the next several years, it will:

reduce the number of outages

decrease restoration time

provide the information and tools, you need to make choices about your energy usage

Start saving with smart thermostat instant rebates

Cooling your home during the summer uses a lot of energy. Did you know 56% of your home's energy use goes to heating and cooling? AES Ohio wants to help you save energy and money by educating you on how your home uses energy.

With a smart thermostat you can enjoy comfort, control, convenience and savings.

Visit AES Ohio Marketplace, aesohiomarketplace.com for instant rebates on smart thermostats.
